Please provide any comments on the DM&E Powder River Basin Expansion Project Draft EIS.

I can imagine nothing more disruptive & damaging to the health & safety of this town & its citizens and the renowned Annapolis Plant & its gas entirely all parents than the advent of 30-40 coal trains roaring through each day. It is entirely inappropriate even to contemplate such a destructive & dangerous situation to Rochester's environment.

I strongly urge the STB to withdraw its plans for expansion of its train lines
