Dear Ms. Rutson:

A Draft Environmental Impact Study (DEIS) concerning the Powder River Basin Expansion Project of the DM&E Railroad was recently completed. As it relates to the trackage in the Mankato area, the DEIS concluded that the environmentally preferred route is the alternative M-2 route, commonly referred to as the Southern By-Pass Route.

This is a very controversial recommendation, and I would like to share my opinion with you and the Surface Transportation Board.

Opinion: You will destroy our beautiful city and
the health of our people.
