Please provide any comments on the DM&E Powder River Basin Expansion Project Draft EIS.

I am opposed to the DM&E railroad Expansion.  
I am a landowner in Custer Co. DME proposes to cross  
my property Twp. 3, Range 11E, Section 14 NE 1/4, Section  
14 E 1/2 NW 1/4 less than a mile from our home. They  
will cross Spring Creek at least 3 times.

In their construction they will destroy a  
great deal of property, trees & grass.

They will disturb wildlife, sift coal dust  
which I understand contains mercury, pollute  
Spring Creek, then the Cheyenne River etc.

I'm concerned about excessive noise,  
prairie fires, pollution of the air, ground,  
diesel fumes, smoke, continuous noise rattling  
away. They will cut off our cattle from water.

Landowners should not have to sacrifice  
their property for a private project.

Remember ranches & farms are  
businesses also.

Thank you,

Wanda Edoff

Additional comments: *The way DME keeps up their track why would they do any differently when they have more track? Don't let them bamboozle you with their talk*
