Part of
Public Record

Please provide any comments on the DM&E Powder River Basin Expansion Project Draft EIS.

The expansion of the DM&E is important to SD ag producers who need competitiveness in the railroad industry.

While we support environmental responsibility we also support wise use of resources including time and \$ used to study the impact of the DM&E on the environment.

Finish the study, report the findings, and move on.

Please.

Sincerely,

Wayne & Jane Smith
