Re: Surface Transportation Board Docket No. 42052, Union Pacific Railroad Company – Petition for Declaratory Order – Unilaterally Imposed Interchange Charges

Dear Sir or Madam:

I am writing on behalf of Canadian Pacific Railway and its American subsidiaries, Soo Line Railroad Company and Delaware & Hudson Railway Co., Inc. (all collectively referred to as "CPR"), to advise you of CPR's intent to participate in the above-referenced proceeding. The original and one copy of this notice of intent are being served upon the Surface Transportation Board, with two copies being sent to the Association of American Railroads.

Doug McFarlane will participate on behalf of CPR. Mr. McFarlane is the Assistant Vice President Transportation – Field Operations for CPR. His address is 401 9th Avenue, S.W., Suite 400, Calgary, Alberta T2P 4Z4. Mr. McFarlane has significant operational experience, having worked as a Conductor, Yardmaster, Trainmaster, Assistant and Deputy Division Superintendent, Division Superintendent, Division Manager and District General Manager prior to assuming his current duties. In addition, Mr. McFarlane is familiar with issues unique to Chicago, having served as CPR's representative on the Chicago Planning Group since 1999.

CPR has not yet developed any firm position or recommendations regarding the subject matter of this proceeding, but recognizes that interchange delays are an important issue facing the industry, particularly in areas, such as Chicago, with a

history of congestion problems. CPR looks forward to working with other interested parties to arrive at meaningful solution to this important issue.

Sincerely,

A handwritten signature in black ink, appearing to read "Wm. M. Tuttle". The signature is stylized with a large, looped initial "W" and a cursive "M. Tuttle".
