RE: *Capitol Materials Incorporated\Petition for Declaratory Order\Certain Rates and Practices of Norfolk Southern Railway Company*
STB Docket No. 42068

Ladies and Gentlemen:

Enclosed herewith is an original and 11 copies of Capitol Materials' Petition, the Statements of Jeff Traicoff and Tom Mueller and accompanying exhibits in connection with the above-referenced matter. Please file this document in accordance with the procedures of your office and return a copy marked "filed of record" in the enclosed envelope provided for your convenience.

If you have any questions or need further information, please give our office a call.

Sincerely,

RACHELSON & WHITE,

VERIFIED STATEMENT OF TOM MUELLER CAPITOL
MATERIALS, INC., BISHOP STREET FACILITY

205101
ORIGINAL

My name is Tom Mueller, and my business address is 3300 North Star Boulevard, Duluth (a suburb of Atlanta), Georgia 30136 (the "Duluth Facility"). I am the General Manager of Capitol Materials, Incorporated ("Capitol Materials"), at this location. I have held this position for the last 11 years and have been with the company for an overall period of 18 years.

I.

THE BUSINESS OF CAPITOL

In my capacity as General Manager of the Duluth Facility, I supervise and direct all activities of business of Capitol Materials at this location, including all matters relating to the receipt of product by rail. I am authorized by Capitol Materials to sponsor this statement before the Surface Transportation Board on behalf of the company. I am in agreement with everything stated in Jeff Traicoff's Verified Statement regarding Capitol Material's position regarding demurrage charges assessed by Norfolk Southern ("NS"). That being the case, this statement is limited to the unique experiences of the Duluth Facility with NS and their rail service.

At the Duluth Facility, Capitol Materials maintains a yard, office facilities, storage facilities, trackage and docks for the receipt, storage and distribution of wallboard and sheetrock used in the building trade. Although we do receive occasional shipments via truck, generally ordered from proximate locations based upon immediate need, the primary source of transportation upon which we are dependant is that provided by NS. This is the only rail carrier available to us. We were previously provided rail service by

the Southern Railroad, but as I understand it, NS purchased that company and took over their operations.

We do not now, nor with limited exceptions have we ever, held NS cars at our location so as to warrant the assessment of demurrage. Our inventory has a high degree of turnover, and, as detailed above, the vast majority of product arrives at the Duluth Facility through rail service. It is in our, and our customer's, best interest to unload as many cars as possible in the least amount of time.

In years past there have been sporadic occasions of extended rainfall when we had been unable to unload the rail cars. On these occasions, generally prior to 1997, we paid the demurrage charges assessed by NS, based strictly upon actual placement and release dates. Our records indicate that the first Constructive Placement Notice ("CP") we ever received was in mid-1999. At the time we started to receive these CPs the only problems we were experiencing with NS concerned NS's ability to get cars to our facility from the NS Chamblee yard. The notices would be faxed to us on a daily basis identifying cars that "...cannot be placed due to your inability to receive." As a point of fact, we had open spots on the very days we received these faxes and were waiting for cars to be placed which we knew had already arrived at the Chamblee yard. This situation continues to the present day. It has reached a point where we receive what I believe to be Constructive Placement Notices on every single car which arrives at the NS yard; yet contrary to their representations, we have space available, they know we have space available, and for whatever reason they simply do not and can not get us the cars. We can accommodate 6 cars at any one time. Each car can be unloaded by our crew in 30 minutes. Holding rail cars is simply something we do not do and, again, except for extraordinary circumstances, we have never done. In fact, Capitol provided verbal

standing orders to NS to immediately deliver all rail cars as soon as they arrived in NS's rail yard.

All of this has been repeatedly communicated by me to our NS representatives, including Stewart Dunn, Bill Holden, Alan King, and Judy Owens. With the exception of the last individual named, nothing was done by NS to correct their own records. In years past we were often told to simply ignore the bills. With respect to Judy Owens, there was a substantial period of time during which we never received a demurrage bill, until 1997 when they started assessing the charges and sending bills again.

II.

CARS PULLED/NO CARS PLACED

I have reviewed the records provided to us by NS and for purposes of providing examples of the above, I have chosen at random the month of June, 1997, which represents a month in the peak building quarter. A copy of the June 1997 billing records provided to us is attached as Exhibit 1.

On June 5, 3 cars were pulled, and none placed despite CPs being generated on 3 cars on June 5, 1997.

On June 8, 1 car was pulled, and none were placed.

On June 10, 2 cars were pulled, and none were placed despite 2 cars which were the subject of a CP generated on June 9.

On June 4, we released a car, 4195, which was not pulled until June 11, yet several CPs were issued between June 4 and June 11. When NS does not pull a car promptly, it takes up a slot that could be filled with a loaded car, and obviously, this has a domino effect on car congestion and unloading delays which the railroad refuses to take into consideration when calculating demurrage bills.

On June 10, 2 cars were pulled, and none were placed.

On June 20, 2 cars were pulled, and 1 was placed.

On June 18, 1 car was pulled, and none placed.

On June 29, 3 cars were pulled, and none placed .

III.

RELEASED BUT NOT PULLED

On June 19, we released 2 cars, and only 1 was pulled.

On June 23, we released 1 car, and it was not pulled until the next day.

On June 26, we released 2 cars, and only 1 was pulled.

IV.

RUN AROUND AND DELAYED CPs

Note that on June 5, a CP was issued for car 4026 which was actually placed on June 6th. However, on June 3 and 4, CPs were issued for 2 cars, 70022 and 4256, which were not actually placed until June 11.

Note also, the dates of arrivals at the NS yard are, in many instances, almost 24 hours earlier than the Constructive Placement Notice. In many instances, we confirmed by telephone the arrival date of a car, but simply can not get these cars delivered timely. Finally, this document reflects that we did not even start to get Constructive Placement Notices until the 1st of June, 1997. Attached as Exhibits 2-5 are examples of CPs issued 1,2,3, and even 4 days, respectively, after the subject cars arrived at NS's yard.
