Finance Docket No 33928

Norfolk Southern Corporation and
Norfolk Southern Railway Company

PUBLIC'S PETITION TO SUMMARILY DISMISS NORFOLK SOUTHERN CORPORATION'S
APPLICATION FOR CONSTRUCTION PERMIT OR, IN THE ALTERNATIVE TO REOPEN THE
PUBLIC COMMENT PERIOD

Attached is a Petition with 179 signatures in opposition to the construction of a new rail line by
Norfolk Southern Railroad Corporation (NS) in Indiana County, Pennsylvania.

This Petition describes in detail the public outcry against what is believed to be deprivation and
misrepresentation of information, manipulation by abuse of protective order, granted by the
Surface Transportation Board, deceit, and possibly unauthorized condemnation of private
property under eminent domain.

The public wishes to be heard and to participate constructively in the approval process to
effectuate a fair outcome. Significant information has been developed by the public after NS's
released confidential information and only after closure of the public comment period. Said
information, not being disclosed to the Surface Transportation Board, may alter the outcome of
the approval process. The public further would appreciate if the Surface Transportation Board
provides this opportunity of participation prior to deciding Norfolk Southern Corporation's
application in order to resolve the issues raised in the Petition.

WHEREFORE, the Petitioners petition the Surface Transportation Board to dismiss Norfolk
Southern Railroad Corporation's application for a construction permit or, in the alternative, to
reopen the public comment period.
