Re: **New England Transrail, LLC – Clarification of Line Description**
Finance Docket No. FD 34365

ENTERED
Office of Proceedings

JUL 03 2003

Part of
Public Record

Dear Secretary Williams:

The following is a clarification of the line description which was included in our filing on June 19, 2003, for a Notice of Exemption, Finance Docket No. FD 34365:

“The railroad will run from (i) about mile post 13.25 on the Massachusetts Bay Metropolitan Transportation Authority Boston-Concord mail line in Woburn, MA (on which the Boston and Maine retains freight service rights) to (ii) a junction with the Boston and Maine at about mile post 14 on the Boston and Maine Wilmington-Woburn-Medford branch in Wilmington, MA (said junction lying south of Eames Street, Wilmington, MA). Included with the foregoing is the following description of three segments of existing track which will be part of the line: (1) beginning at about mile post 13.25 on the Massachusetts Bay Metropolitan Transportation Authority Boston-Concord main line in Woburn, MA, existing track of approximately 2/10th mile in a northerly direction; (2) beginning at a point at about mile post 14 on the Boston and Maine Wilmington-Woburn-Medford branch in Wilmington, MA, existing track of approximately 2/10th mile running in a easterly direction (including restoration of a previously removed switch and approximately 1/20th mile of previously removed track lead from the switch); and (3) beginning near the westerly end of the track referred to in clause (2) above, a switch and additional existing track of approximately 1/10th mile in a southerly direction.”

The Honorable Vernon A. Williams
Secretary, Surface Transportation Board
