Docket No. 42081

PETITION TO INTERVENE OF CF INDUSTRIES, INC.

Pursuant to 49 C.F.R. § 1112.4 (2002), CF Industries, Inc. ("CF Industries") respectfully petitions to intervene in Dyno Nobel Inc. v. Kaneb Pipe Line Partners, L.P., Docket No. 42081. As a customer on Kaneb Pipe Line Partners, L.P.'s ("Kaneb") pipeline, CF Industries is adversely impacted by Kaneb's illegal rate increases and has an interest in the captioned proceeding.

COMMUNICATIONS AND CORRESPONDENCE

All correspondence and communications with respect to this proceeding should be addressed to the following person:

Mitchell F. Hertz

Fax: (202) 879-5200

PETITION TO INTERVENE

On June 16, 2003, Dyno Nobel Inc. ("Dyno Nobel") filed a complaint against Kaneb that challenged as unlawful the 68% rate increase imposed by Kaneb on April 1, 2003, with respect to Dyno Nobel's shipment of anhydrous ammonia through the Kaneb pipeline.¹ CF Industries requests that the Surface Transportation Board ("Board") permit CF Industries to intervene and participate in that proceeding.

CF Industries is an interregional cooperative that is owned by eight regional farm cooperatives. It serves the needs of these regional cooperatives (and more than 1,000,000 of their farmer-members) through the manufacture, distribution, and sale of various forms of fertilizer. CF Industries owns and operates a manufacturing complex in Donaldsonville, Louisiana that produces more than 2,000,000 tons of anhydrous ammonia per year for use as both a direct application fertilizer and as a chemical building-block for other nitrogen fertilizer products. In order to move this ammonia to its marketing terminals in the five major "Corn Belt" states (Iowa, Illinois, Missouri, Indiana, and Nebraska), CF Industries relies on Kaneb's pipeline system. CF Industries maintains its corporate headquarters at One Salem Lake Drive, Long Grove, Illinois 60047.

CF Industries has an interest in this proceeding because it is a shipper on the Kaneb pipeline, has a rate prescription in effect on the Kaneb pipeline (as discussed in detail in Dyno Nobel's complaint),² and is also subject to Kaneb's higher rates. CF Industries agrees with Dyno Nobel's contention that Kaneb cannot change the rate prescription in effect without prior Board approval.³ CF Industries participation in these early stages of the proceeding will not cause any

¹ See Complaint at ¶ 1.

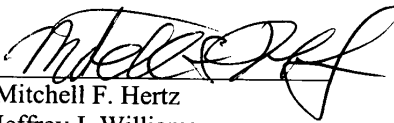

² See *id.* at ¶¶ 7-15.

³ See *id.* at n.3.

disruption, broaden the issues in this proceeding, or unduly prejudice any party in this proceeding.

Therefore, in accordance with the Board's regulations, CF Industries petitions to intervene in the captioned proceeding.

CF Industries, Inc.
