

SURFACE TRANSPORTATION BOARD

STB Finance Docket No. 30186 (Sub-No. 3)

TONGUE RIVER RAILROAD COMPANY, INC. -CONSTRUCTION AND OPERATION - WESTERN
ALIGNMENT

I received your notice to the Parties of record dated October 3 and I am writing to ask you to make a change to my listing. The notice indicates that I am a non-party now. I am concerned about the practice of the Surface Transportation Board taking people off of the list as Parties of Record without their approval? I noticed that several of the agency people listed are no longer in those positions and other members listed are outdated. I hope that the Surface Transportation Board grants additional time to allow the list to be updated. I, as a non-party, have not received the new information that Tongue River Railroad supplied the Surface Transportation Board that included comments from Governor Martz and Dennis Rehberg. I sincerely hope that once the list is updated that all of the information regarding the new comments and the plan for additional studies for an updated EIS will be shared with the new parties of record.

Sincerely,

Patrick R. Landers
