RECEIVED

Notice of Intent to Speak
Public Hearing Friday April 2, 2004

FD 33388-11

It is my intent to speak for approximately 10 minutes at the above hearings.

The thrust of my statement will be the progress SAA has been in the Philadelphia area to Madison International Sales.

How pleased overall we are with the service.

My suggestions will be aimed at how we can improve transit times out of the shared asset area on NS.

Thank you

Jim Bruno
