EXHIBIT 1

**TEMPORARY TRACKAGE RIGHTS AGREEMENT
TEMPLE, TX TO FORT WORTH, TX (Tower 55)
APRIL 26, 2004 TO MAY 8, 2004**

THIS AGREEMENT, made and entered into this 12th day of February, 2004 by and between **THE BURLINGTON NORTHERN AND SANTA FE RAILWAY COMPANY**, a Delaware corporation, hereinafter called "BNSF" or "Owner", and **UNION PACIFIC RAILROAD COMPANY**, a Delaware corporation, hereinafter called "UP" or "User".

WITNESSETH:

WHEREAS, BNSF is the owner and operator of certain lines of railroad extending between UP connections over BNSF's railroad system; and

WHEREAS, UP desires to obtain temporary overhead trackage rights upon certain lines of BNSF's railroad, for the sole purpose of bridging its train service while UP's main lines are out of service due to certain programmed track, roadbed and structural maintenance; and

WHEREAS, BNSF is agreeable to said temporary trackage rights but only on the terms and conditions hereinafter set forth.

NOW, THEREFORE, it is mutually agreed by and between the parties.

Section 1. TRACKAGE SUBJECT TO AGREEMENT.

Attached hereto, marked Exhibits "A", and by this reference incorporated herein, is a print which depicts the portion of line of railroad of BNSF over which UP will be granted temporary trackage rights hereinafter referred to as the "Joint Trackage" (as further defined in Exhibit "B" of this agreement, attached hereto and by this reference incorporated herein).

Section 2. GRANT OF TEMPORARY TRACKAGE RIGHTS.

The General Conditions covering the grant of temporary bridge trackage rights are set forth in Exhibit "B". If any conflict between Exhibit "B" and this agreement shall arise, the provisions of this agreement shall prevail. Subject to the terms and conditions of Exhibit "B", this agreement, BNSF grants to UP the temporary nonexclusive right to use the Joint Trackage for the operation by its employees of the Equipment (as defined in Exhibit "B" of this agreement) that is in its account while moving over the Joint Trackage in common with BNSF and such other railroad company or companies as BNSF has heretofore admitted or may hereafter at any time admit to the joint use of any and all of the Joint Trackage, such other railroad company or companies to hereinafter be considered BNSF for the purpose of this agreement.

UP and BNSF agree that UP's use of the temporary trackage rights granted herein by BNSF shall be limited to two (2) north bound empty coal trains per day, departure time Temple between 1900 and 0300 HRS. Movement of any additional UP trains over the Joint Trackage shall be at the sole discretion of BNSF. Said grant of rights shall be between Temple, TX and

Fort Worth, TX, a distance of 129.2 miles for the period of April 26, 2004 through May 8, 2004. The train will be limited to 7000 feet including locomotives with 2.0 HPT.

It is understood and agreed that UP shall not have the right to:

(a) set out, pick up or store cars, or switch upon the Joint Trackage, or any part thereof, except as necessary for handling Equipment that is bad ordered en route; or

(b) serve any industry, team or house track now existing or constructed in the future along the Joint Trackage which heretofore has not been served by UP; or

(c) permit or admit any third party to the use of all or any portion of the Joint Trackage, nor have the right to detour trains of any other railroad over or upon the Joint Trackage, nor under the guise of doing its own business contract or make an agreement to handle as its own Equipment over or upon the Joint Trackage, or any portion thereof, the Equipment of any third party which in the normal course of business would not be considered the Equipment of UP; provided, however, that the foregoing shall not prevent UP, pursuant to a run-through agreement with any railroad, from using locomotives and cabooses of another railroad as its own under this agreement; or

(d) UP shall notify BNSF Chief Dispatcher, Fort Worth, TX, (817-234-2332) of the request for movement six (6) hours prior to the scheduled departure time.

Section 3. MAINTENANCE AND OPERATION OF TRACKAGE.

BNSF, at its expense, shall maintain the Joint Trackage in a manner permitting operation at no less than the track standard designated in the timetable in effect on the date of this agreement and shall permit UP to operate at such speeds unless by mutual written agreement a different standard is provided. In the event that for, operating convenience, necessity or emergency, BNSF permits or directs UP to use adjacent BNSF track and track connections between or beyond the terminal of the Joint Trackage as an alternative route, then and in such event, such trackage, track connections and appurtenances shall be deemed to be part of the Joint Trackage and shall be governed by all the provisions of this Agreement.

Section 4. MEASUREMENT OF TRACKAGE RIGHTS TRAINS.

In exchange for the aforementioned temporary trackage rights UP agrees to grant similar temporary trackage rights to BNSF, as identified under separate agreement. UP and BNSF agree to utilize train miles as the unit of measurement for equalization of temporary trackage rights trains

Section 5. CONNECTIONS AND ADDITIONS.

The entire cost of construction of any connection or other track work necessary for the implementation of the temporary trackage rights granted in this Agreement shall be at UP's sole cost, expense and risk. BNSF, at UP's expense, shall construct, relocate, retire, upgrade and maintain,

during the term of this Agreement, that part of any track construction or work necessary to implement the trackage rights granted herein that is located on BNSF property and is not under lease to UP. UP, at its sole cost and expense, shall construct, relocate, retire, upgrade, and maintain that part of any track construction or work necessary to implement the trackage rights granted herein that is located on UP property or property that is leased by BNSF to UP in order to implement the trackage rights granted herein.

Section 6. LIABILITY.

Any liability for loss, damage, injury or death which arises from the operation under this Agreement shall be assumed, settled and paid as provided by Exhibit "B", General Conditions, attached hereto.

Any liability for loss, damage, injury or death which arises during the term of this Agreement from the construction, relocation, upgrade, or maintenance of the connections covered in this Agreement under Section 5, shall be assumed, settled and paid by UP.

Section 7. TERM AND TERMINATION.

Subject to the provisions of Section 7.2, 7.3 and 7.4 of Exhibit "B", this agreement shall become effective upon the date UP first commences operations over the Joint Trackage pursuant to this agreement, subsequent to having secured all necessary consent, approval or authority from appropriate governmental agencies upon terms and conditions satisfactory to BNSF, and shall remain in effect for the period of time specified in Section 2 hereof.

IN WITNESS WHEREOF, the parties hereto have executed this agreement in duplicate the day and year first above written.
