Re: The Honey Creek RR, Incorporated from railroad milepost 0.0 near New Castle in Henry County, Indiana to milepost 5.9 near Sulphur Springs in Henry County, Indiana, a distance of 5.9 miles. The right-of-way is part of a line of railroad proposed for abandonment in STB Docket No. AB-865 (SUB-NO. 0X)

Dear Secretary Williams:

This request is filed on behalf of Indiana Trails Fund, Inc., which is a private/public interest organization interested in the conservation of railroad right-of-ways for both rail reuse and for such non-motor transportation as walking. ITF is hereinafter referred to as "proponent."

Proponent requests issuance of a Public Use Condition as well as an Interim Trail Use Condition rather than an outright abandonment authorization between Milepost 0.0 near New Castle in Henry County, Indiana to milepost 5.9 near Sulphur Springs in Henry County, Indiana, a distance of 5.9 miles

A. Request For Public Use Condition

Proponent asks the STB to find that this property is suitable for other public use, specifically trail use, and to place the following conditions on the abandonment:

1. An order prohibiting the carrier from disposing of the corridor, other than the tracks, ties and signal equipment, except for public use on reasonable terms. Justification for this condition is: The corridor would make an excellent recreational trail and conversion of the property to trail use is in accordance with local plans. In addition, the corridor provides open space and its preservation as a recreational trail is consistent with those purposes. The time period sought is 180 days from the effective date of the abandonment authorization. Proponent needs this much time: to begin negotiations with the carrier.
2. An order barring removal or destruction of potential trail-related structures such as bridges, trestles, culverts and tunnels. The justification for this condition is that these structures have considerable value for recreational trail purposes. The time period

requested is 180 days from the effective date of the abandonment authorization for the same reason as indicated above.

B. Request For Interim Trail Use

The railroad right-of-way in this proceeding is suitable for railbanking. In addition to the public use conditions sought above, proponent also makes the following request:

STATEMENT OF WILLINGNESS TO ASSUME FINANCIAL RESPONSIBILITY
In order to establish interim trail use and railbanking under section 8(d) of the National Trails System Act, 16 U.S.C.

§1247(d), and 49 CFR §1152.29, Indiana Trails Fund, Inc. is willing to assume full responsibility for management of, for any legal liability arising out of the transfer or use of (unless the user is immune from liability, in which case it need only indemnify the railroad against any potential liability), and for the payment of any and all taxes that may be levied or assessed against the right-of-way owned by and operated by CSX Transportation, Inc.

The property, known as the Honey Creek RR, Incorporated from railroad milepost 0.0 near New Castle in Henry County, Indiana to milepost 5.9 near Sulphur Springs in Henry County, Indiana, a distance of 5.9 miles. The right-of-way is part of a line of railroad proposed for abandonment in STB Docket No. AB-865 (SUB-NO. 0X).

A map depicting the right-of-way is attached.

Indiana Trails Fund, Inc. acknowledges that use of the right-of-way is subject to the user's continuing to meet its responsibilities described above and subject to possible future reconstruction and reactivation of the right-of-way for rail service.
