Attorney for:
WATCO COMPANIES, INC.

Dated: September 9, 2005

BEFORE THE
SURFACE TRANSPORTATION BOARD

FINANCE DOCKET NO. 34752

WATCO COMPANIES, INC.
--CONTINUANCE IN CONTROL EXEMPTION--
LOUISIANA SOUTHERN RAILROAD, INC.

VERIFIED NOTICE OF EXEMPTION
Pursuant to 49 C.F.R. § 1180.2(d)(2)

Watco Companies, Inc. ("Watco") files this Notice of Exemption, pursuant to 49 C.F.R. § 1180.2(d)(2), for Watco to continue in control of the Louisiana Southern Railroad, Inc. ("LSRR"), a non-carrier, upon LSRR's becoming a Class III railroad. In support of this Notice of Exemption, Watco submits the following information as required by 49 C.F.R. § 1180.4(g):

Section 1180.6(a)

- (1) A description of the proposed transaction.
 - (i) A brief summary of the proposed transaction, the name of applicants, their business address, telephone number, and the name of counsel to whom questions regarding the proposed transaction can be addressed.

Watco, a non-carrier, is a Kansas corporation which currently controls thirteen (13) Class III railroads operating in thirteen States. Watco also owns 100 percent of the issued and outstanding stock of LSRR. LSRR, a Kansas corporation, is a non-carrier that was formed for the purpose of leasing certain rail lines owned by The Kansas City Southern Railway Company ("KCS"). Concurrently with the filing of this Notice of Exemption, LSRR is filing a Notice of Exemption in STB Finance Docket No. 34751, *Louisiana Southern Railroad, Inc. – Lease and*

Operation Exemption – The Kansas City Southern Railway Company, under 49 C.F.R. § 1150.31, to lease and operate the rail lines. Upon consummation of the transaction in STB Finance Docket No. 34751, LSRR will become a Class III carrier.

Watco also controls, through stock ownership and management, the South Kansas and Oklahoma Railroad Company (“SKO”), Palouse River & Coulee City Railroad, Inc. (“PRCC”), the Timber Rock Railroad, Inc. (“TIBR”), the Stillwater Central Railroad, Inc. (“SLWC”), the Eastern Idaho Railroad, Inc. (“EIRR”), Kansas & Oklahoma Railroad, Inc. (“K&O”), the Pennsylvania Southwestern Railroad, Inc. (“PSWR”), the Great Northwest Railroad, Inc. (“GNR”), the Kaw River Railroad, Inc. (“KRR”), the Mission Mountain Railroad, Inc. (“MMT”), the Appalachian & Ohio Railroad, Inc. (“AO”), the Mississippi Southern Railroad, Inc. (“MSRR”), and the Yellowstone Valley Railroad, Inc. (“YVRR”). SKO, PRCC, TIBR, SLWC, EIRR, K&O, PSWR, GNR, KRR, MMT, AO, MSRR and YVRR are Class III carriers which operate rail lines in thirteen States.

The rail lines operated by SKO, PRCC, TIBR, SLWC, EIRR, K&O, PSWR, GNR, KRR, MMT, AO, MSRR and YVRR do not connect with the rail lines being leased by LSRR. The rail lines being leased by LSRR are located in the State of Louisiana. TIBR owns a rail line that extends from Kirbyville, Texas to De Ridder, Louisiana. TIBR’s line extending into Louisiana, however, does not connect with the rail lines being leased by LSRR.

Also, the involved transaction is not part of a series of anticipated transactions that would connect the rail lines being leased by LSRR with any railroad in the Watco corporate family. Finally, neither LSRR nor any of the carriers controlled by Watco are Class I rail carriers. Accordingly, this transaction falls within the class of transactions described at 49 C.F.R. § 1180.2(d)(2), and exempt from prior approval by the Surface Transportation Board (“Board”).

- (ii) The proposed time schedule for consummation of the proposed transaction.

Watco intends to consummate this transaction on or shortly after September 25, 2005.

- (iii) The purpose sought to be accomplished by the proposed transaction.

Watco intends to reduce overhead expenses, coordinate billing, maintenance, mechanical and personnel policies and practices of its rail carrier subsidiaries and thereby improve the overall efficiency of rail service provided by the fourteen railroads.

- (5) A list of the State(s) in which any part of the property of each applicant carrier is situated.

SKO's lines are located in Missouri, Kansas and Oklahoma.

EIRR's lines are located in Idaho.

PRCC's lines are located in Washington, Oregon and Idaho.

TIBR's lines are located in Texas and Louisiana.

SLWC's lines are located in Oklahoma.

K&O's lines are located in Kansas and Colorado.

PSWR's line is located in Pennsylvania.

GNR's lines are located in Idaho and Washington.

KRR's lines are located in Kansas and Missouri.

MMT's lines are located in Montana.

AO's lines are located in West Virginia.

MSRR's line is located in Mississippi.

YVRR's lines are located in Montana.

Upon leasing the KCS rail lines, LSRR will lease and operate rail lines in Louisiana.

- (6) Map.

Maps illustrating the rail lines of SKO, PRCC, TIBR, SLWC, EIRR, K&O, PSWR, GNR, KRR, MMT, AO, MSRR and YVRR and the rail lines to be leased by LSRR are attached as Exhibit 1.

- (7)(ii) Agreement.

Watco will not enter into any agreement, or sign any written instrument, to continue in control of LSRR.

Because SKO, PRCC, TIBR, SLWC, EIRR, K&O, PSWR, GNR, KRR, MMT, AO, MSRR and YVRR are Class III carriers and LSRR will become a Class III rail carrier upon the lease of the rail lines from KCS, no labor protection may be imposed on this transaction pursuant to 49 U.S.C. § 11326(c).

ENVIRONMENTAL AND HISTORIC IMPACTS

Watco will continue to control LSRR for the purpose of continued rail operations where further Board approval is required to abandon or discontinue any service, and there are no plans to dispose of or alter properties subject to the Board's jurisdiction that are 50 years old or older. Hence, this Notice of Exemption does not require an historic report under 49 C.F.R. § 1105.8(b)(1).

Watco's continuance in control of LSRR will not result in significant changes in carrier operations. There will not be a diversion of: (1) more than 1,000 rail carloads a year to motor carriage; or (2) an average of 50 carloads per mile per year for any part of these lines to motor carriage. This transaction will not result in: (1) an increase in rail traffic of at least 100 percent or an increase of at least eight trains a day on any segment of the lines; (2) an increase of rail yard activity of at least 100 percent; or (3) an average increase in truck traffic of more than 10 percent of the average daily traffic or 50 vehicles a day. This transaction will not affect a Class I or nonattainment area under the Clean Air Act. In any event, the thresholds of 49 C.F.R. § 1105.7(e)(5)(ii) will not be exceeded. Finally, this transaction does not contemplate the transportation of any ozone depleting materials. Therefore, no environmental documentation is required under 49 C.F.R. § 1105.6(c)(2).

This action will not significantly affect either the quality of the human environment or energy conservation.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Karl Morell", written over a horizontal line.

KARL MORELL
