Subject: PYCO and Feeder Line process

Charles -

For the record, West Texas and Lubbock Railway Company is fit, willing and able to continue as permanent operator of part or all of the SAW, and is willing to execute a long-term contract with PYCO for operation of any portion of the SAW purchased by PYCO.

We believe it is unnecessary and counter-productive to extend the FLA process to allow for additional uninformed applicants to attempt to understand what has happened in this already-lengthy process.
