Re: STB Finance Docket No. 34919

Dear Honorable Williams:

On September 25, 2006, Montana Rail Link filed a Verified Notice of Exemption for Trackage Rights in the above referenced matter. Under the section titled "Purpose sought to be accomplished", please replace the current language with the following:

"The proposed trackage rights would provide additional operating room to promote better efficiency and service, solely for access to one customer (and any subsequent successor entities to that one customer) relocating from a point on applicant's line to a point on one of the trackage rights segments."

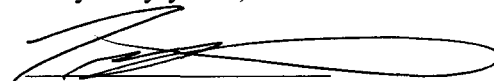

In addition, in the section titled "A copy of the relevant agreement", please replace the current language with the following:

"The trackage rights agreement between applicant and BNSF, dated August 2, 2006 (the "Agreement") is attached hereto as Exhibit B."

Please also change the references to "Moss Main" to read "Mossmain".

Thank you for your assistance in this matter.

Very truly yours,

Troy W. Garriss
