NOTICE OF EXEMPTION

Portland & Western Railroad, Inc. ("PNWR"), a Class III railroad, files this Notice of Exemption pursuant to 49 C.F.R. §1180.2(d)(8) to exempt from the provisions of 49 U.S.C. §11323 the grant of temporary trackage rights by BNSF Railway Company ("BNSF") to PNWR. The temporary trackage rights are based on a written agreement, are not being filed or sought in a responsive application, are for overhead operations only, and are scheduled to expire on a specific date less than one year from the effective date of the exemption being sought.

These temporary trackage rights are related to the temporary trackage rights over the lines of Union Pacific Railroad Company ("UPRR") and Portland Terminal Railroad Company ("PTRR") that are the subject of separate notices filed in STB Finance Docket No. 34945 and STB Finance Docket No. 34946, respectively. Together the temporary trackage rights will make a continuous detour route between Willbridge and Labish, Oregon, in order to allow PNWR to continue to handle traffic while its line is undergoing rehabilitation and construction.

TRACKAGE RIGHTS AGREEMENT

EXHIBIT B

MOW Temporary Trackage Rights Agreement
Portland Terminal RR Connection in Portland, OR and Willbridge, OR
October 30, 2006 to December 30, 2006

THIS AGREEMENT, made and entered into this ___ day of October, 2006 by and between **THE BNSF RAILWAY COMPANY**, a Delaware corporation, hereinafter called "BNSF" or "Owner", and **PORTLAND AND WESTERN RAILROAD COMPANY**, a _____ corporation, hereinafter called "PNWR" or "User".

WHEREAS, BNSF is the owner and operator of certain lines of railroad extending between Portland Terminal Railroad in Portland, OR and Willbridge, OR on main track #1 between MP 0.69 and MP 4.32 and on main track #2 between MP 0.91 and MP 4.25 (including use of the crossover) over BNSF's railroad system; and

WHEREAS, PNWR desires to obtain temporary MOW Trackage Rights upon certain lines of BNSF'S railroad, for the sole purpose of bridging its train service while PNWR's main lines are out of service due to certain programmed track, roadbed and structural maintenance; and

WHEREAS, BNSF is agreeable to said temporary MOW Trackage Rights but only on the terms and conditions hereinafter set forth.

NOW, THEREFORE, it is mutually agreed by and between the parties.

Section 1. TRackage SUBJECT TO AGREEMENT.

Attached hereto, marked Exhibit "A" and by this reference incorporated herein, is a print, which depicts the portion of line of BNSF railroad over which PNWR will be granted temporary Trackage Rights hereinafter referred to as the "Joint Trackage" (as further defined in Exhibit "B" of this agreement, attached hereto and by this reference incorporated herein).

Section 2. GRANT OF TEMPORARY TRackage RIGHTS RIGHTS.

The General Conditions covering the grant of temporary Trackage Rights are set forth in Exhibit "B". If any conflict between Exhibit "B" and this agreement shall arise, the provisions of this agreement shall prevail. Subject to the terms and conditions of Exhibit "B", this agreement, and PNWR's agreement to file a "Petition for Partial Revocation of Class Exemption and for Temporary Exemption of Trackage Rights", which requests revocation of the temporary trackage rights on the date indicated in this Section 2 (or otherwise file a temporary trackage rights exemption pursuant to 49 C.F.R. 1180.2(d)(8)), jointly with this "notice of Exemption" filing for the trackage rights with the Surface Transportation Board, BNSF grants to PNWR the temporary nonexclusive right to use the Joint Trackage (as defined in Exhibit "B" of this agreement) that is in its account while moving over the Joint Trackage in common with BNSF and such other railroad company or companies as BNSF has heretofore admitted or may hereafter at any time admit to the joint use of any and all of the Joint Trackage, such other railroad company or

companies to hereinafter be considered BNSF for the purpose of this agreement. Except as expressly provided otherwise herein, said grant of rights shall be solely for two (2) PNWR freight trains per day from Willbridge, OR to Portland Terminal Railroad connection at Portland, OR on main track #1 between MP 0.69 and MP 4.32 and on main track #2 between MP 0.91 and MP 4.25 (including use of the crossover) a distance of 3.6 miles for the period of October 30, 2006 through December 30, 2006. Consideration will be given to extending the time frame if conditions allow.

It is understood and agreed that:

(a) PNWR shall not have the right to:

(1) set out, pickup or store cars, or switch upon the Joint Trackage, or any part thereof, except as necessary for handling Equipment that is bad ordered en route; or

(2) to serve any industry, team or house track now existing or constructed in the future along the Joint Trackage which heretofore has not been served by PNWR; or

(3) permit or admit any third party to the use of all or any portion of the Joint Trackage, nor have the right to Trackage Rights trains of any other railroad over or upon the Joint Trackage, nor under the guise of doing its own business contract or make an agreement to handle as its own Equipment over or upon the Joint Trackage, or any portion thereof, the Equipment of any third party which in the normal course of business would not be considered the Equipment of PNWR; provided, however, that the foregoing shall not prevent PNWR, pursuant to a run-through agreement with any railroad, from using locomotives and cabooses of another railroad as its own under this agreement; or

(4) handle passenger trains over the Joint Trackage; or

(5) except as expressly provided, connect with itself or any other railroad.

(b) PNWR shall deliver PNWR trains to the BNSF'S trackage at Willbridge, OR and or Portland Terminal connection at Portland, OR, CA with PNWR locomotives.

(c) PNWR shall qualify its crew members as pilots, provide pilots on detour trains prior to entering BNSF trackage for east and west bound train movements and provide qualified PNWR train crews.

(d) PNWR locomotives shall have sufficient fuel for the entire movement on BNSF and PNWR will be responsible for the 1,000 mile inspection of their trains.

(e) Detour period shall be limited to October 30, 2006 through December 30, 2006.

(f) The PNWR shall notify the Service Interruption Desk (817-234-2352) of the request for detour 8 hours prior to their scheduled departure time. All PNWR train movements will be coordinated with the BNSF Ft Worth Dispatching Office.

(g) The granting of these rights shall be contingent upon PNWR being granted temporary rights over Portland Terminal Railroad and the prompt acceptance of PNWR trains off of BNSF trackage at both Willbridge and Portland.

Section 3. MAINTENANCE AND OPERATION OF TRACKAGE.

BNSF, at its expense, shall maintain the Joint Trackage in a manner permitting operation at no less than the track standard designated in the timetable in effect on the date of this agreement and permit PNWR to operate at such speeds unless by mutual written agreement a different standard is provided. In the event that for, operating convenience, necessity or emergency, BNSF permits or directs PNWR to use adjacent BNSF track and track connections between or beyond the terminal of the Joint Trackage as an alternative route, then and in such event, such trackage, track connections and appurtenances shall be deemed to be part of the Joint Trackage and shall be governed by all the provisions of this Agreement.

Section 4. LIMITATIONS AND MEASUREMENT OF TEMPORARY TRACKAGE RIGHTS TRAINS.

PNWR and BNSF agree that PNWR's use of the Trackage Rights granted herein shall be for a maximum of two (2) PNWR trains per day from October 30, 2006 through December 30, 2006. Trains will be limited to 7000 feet (including locomotives) and 1.0 HPT

There may be situations where BNSF will not be able to allow PNWR train operation on the Joint Trackage. In the event of refusal to grant such PNWR train operation on the Joint Trackage, PNWR shall have no claim of any nature against the BNSF by reason of such refusal.

Section 5. CONNECTIONS AND ADDITIONS.

The entire cost of construction of any connection necessary for the implementation of the Temporary Trackage Rights granted in this Agreement shall be at PNWR's expense. BNSF, at PNWR's expense, shall construct, own and maintain the part of any connection on BNSF's property.

Section 6. COMPENSATION.

As compensation for the temporary trackage rights, PNWR shall pay BNSF twenty five dollars (\$25.00) per train mile with a minimum of \$100 for each train movement. In addition to the per train mile charge, PNWR shall pay charges for other services rendered and supplies furnished by BNSF as a result of PNWR operations on the Joint Trackage and provided by mutual advance written agreement. These charges shall be based on BNSF's cost, plus reasonable additives according to the joint facility accounting procedures of BNSF. The services and supplies for which PNWR may be charged include, but are not limited to, furnishing locomotives and helper power (including light mileage to and from the point of service) as requested by PNWR, turning

engines and/or trains on wye, furnishing fuel and other train supplies, performing car and engine repairs, supplying pilots and/or train or engine crews (including deadhead or light mileage to and from point of service).

Section 7. LIABILITY

Any liability for loss, damage, injury or death which arises from the operation under this Agreement shall be assumed, settled and paid as provided by Exhibit "B", General Conditions, attached hereto.

Section 8. TERM AND TERMINATION

Subject to the provisions of Section 7.2, 7.3 and 7.4 of Exhibit "B", this agreement shall become effective upon the date PNWR first commences operations over the Joint Trackage pursuant to this agreement, subsequent to having secured all necessary consent, approval or authority from appropriate governmental agencies upon terms and conditions satisfactory to PNWR, and shall remain in effect for the period of time specified in Section 2 hereof.

IN WITNESS WHEREOF, the parties hereto have executed this agreement in duplicate the day and year first above written.

Section 1. DEFINITIONS

1.1 "Agreement" shall mean that certain agreement to which this Exhibit "B" is appended. The term "Agreement" will include this Exhibit "B".

1.2 "Owner" shall mean the party granting the right to use the Joint Trackage (as that term is hereinafter defined).

1.3 "User" shall mean the party granted by the Agreement the right to use the Joint Trackage. Where more than one party is granted by the Agreement the right to use the Joint Trackage, User shall mean those parties collectively.

1.4 "Joint Trackage" shall mean trackage of Owner as described in the Agreement including necessary right-of-way and appurtenances and support facilities thereof, and all Changes in and/or Additions to (as that term is hereinafter defined), thereto now or in the future located as are required or desirable for the operation of the trains of the parties hereto.

1.6 "STB" shall mean the Surface Transportation Board of the United States Department of Transportation or any successor agency.

Section 2. MAINTENANCE CHANGES IN AND/OR ADDITIONS, OPERATION AND CONTROL

2.1 User shall construct, maintain, repair, and renew, at its sole cost and expense, and shall own such portions of the tracks which connect the respective lines of the parties at the termini of the Joint Trackage as are located on the right-of-way of User and to the clearance point in right-of-way of Owner. Owner grants to User a license over that portion of Owner's property between right-of-way line and clearance point in order for User to maintain such trackage. Owner shall construct, maintain, repair, and renew, at the sole cost and expense of User, and shall own the portions of the track connections between said tracks of the parties hereto between the headblock and clearance point located on the right-of-way of Owner.

2.2 The construction, maintenance, repair, and renewal of the Joint Trackage shall be under the exclusive direction and control of Owner. Owner shall make any changes in and/or additions to the Joint Trackage which may be required by law, and progressively during construction these shall become part of the Joint Trackage. Owner may make any changes in and/or additions to the Joint Trackage which Owner deems necessary or desirable for the safe,

efficient, and economical use of the Joint Trackage by the parties, and these shall progressively during construction become part of the Joint Trackage. User may request changes in and/or additions to the Joint Trackage which User shall deem necessary or desirable for the safe, efficient, and economical use of the Joint Trackage by the parties, and Owner shall, if it concurs, construct the same upon such terms and conditions as may be agreed upon and they shall become part of the Joint Trackage. Owner shall make no retirement, withdrawal, elimination or disposal of any part of the Joint Trackage which would permanently or materially impair the usefulness thereof to User.

2.3 The management and operation of the Joint Trackage shall be under the exclusive direction and control of Owner. Owner shall have the unrestricted power to change the management and operations on and over the Joint Trackage as in its judgment may be necessary, expedient, or proper for the operations thereof herein intended. Trains of the parties hereto shall be given equal dispatch, according to their class.

2.4 Owner shall employ all persons necessary to construct, operate, maintain, repair, and renew the Joint Trackage. Owner shall be bound to use only reasonable and customary care, skill, and diligence in the construction, operation, maintenance, repair, and renewal of the Joint Trackage and in managing same. The Joint Trackage shall be kept in a state of reasonable repair and reasonably suitable for the combined requirements of the parties and of such other railroad companies as Owner has heretofore admitted or may hereafter admit to use of the Joint Trackage. In the event there are conditions from time to time which require emergency slow orders with respect to any location on the main tracks comprised in the Joint Trackage, Owner shall, with reasonable promptness, repair such conditions so as to permit the removal of such emergency slow orders. Notwithstanding anything to the contrary contained in the Agreement, User shall not, by reason of Owner's performing or failing or neglecting to perform any construction, operation, maintenance, repair, renewal, or management of the Joint Trackage, have or make against Owner any claim or demand for any loss, damage, destruction, injury, or death whatsoever resulting therefrom. User shall be given the same advance notice of maintenance plans and schedules as is provided to Owner's personnel.

2.5 All officers, agents, and employees of Owner engaged in the management, operation, and maintenance of the Joint Trackage shall perform their duties in a fair, impartial, and just manner.

2.6 User, at its expense, shall install and maintain upon its Equipment such equipment, radios, or devices as may now or in the future be necessary or appropriate, in the reasonable judgment of Owner, for operation of trains upon the Joint Trackage. User will not, however, be required to install any equipment or devices not in use on Equipment of Owner. Owner shall consult with User prior to the adoption of new communication or signaling systems to be employed on the Joint Trackage which have not theretofore been generally adopted in the railroad industry.

2.7 If the use of the Joint Trackage shall at any time be interrupted or traffic thereon or thereover be delayed for any cause, neither party shall have or make any claim against the other for loss, damage, or expense of any kind, caused by or resulting from such interruption or delay.

2.8 Owner may from time to time substitute any track or tracks for those delineated in the Agreement for use by User provided there shall at all time be afforded User a continuous route of equal utility for the operations of its Equipment within the termini of the Joint Trackage. When such tracks which are not part of the Joint Trackage are used as provided herein, the Agreement shall govern for purposes of direction and control and liability as if all movement had been made over the Joint Trackage.

2.9 Each party shall be responsible for furnishing, at its own expense, all labor, fuel, and train supplies necessary for the operation of its own Equipment over the Joint Trackage. In the event a party hereto does furnish such labor, fuel, or train supplies to another party hereto, the party receiving same shall promptly, upon receipt of billing therefor, reimburse the party furnishing same for its reasonable costs thereof.

2.10 The operation by User on or along the Joint Trackage shall at all times be in accordance with the rules, instructions, and restrictions of Owner, but such rules, instructions, and restrictions shall be reasonable, just, and fair between all parties using the Joint Trackage and shall not unjustly discriminate against any of them.

2.11 User shall be responsible for the reporting and payment of any mileage, per diem, use, or rental charges accruing on Equipment in User's account on the Joint Trackage. Except as may be specifically provided for in the Agreement, nothing herein contained is intended to change practices with respect to interchange of traffic between the parties or with other carriers on or along the Joint Trackage.

2.12 The total cost of clearing a derailment, cleaning up any Hazardous Materials released during such derailment, and/or repairing the Joint Trackage or any other property damaged thereby shall be borne by the party or parties liable therefor in accordance with Section 4 of this Exhibit "B".

2.13 In the event of release of Hazardous Materials caused by faulty equipment or third parties, cleanup will be conducted and total costs resulting therefrom shall be borne by the parties as stated in Section 4 of this Exhibit "B".

2.14 All employees of User engaged in or connected with the operations of User on or along the Joint Trackage shall be required to pass periodic examination on the rules of Owner related to the Joint Trackage, provided, with respect to such examinations that, upon request of User, owner shall qualify one or more of User's supervisory officers on said rules and such supervisory officer or officers so qualified shall examine all employees of User engaged in or connected with User's operations on or along the Joint Trackage. Pending qualification of train and engine crews of User, Owner shall furnish a pilot or pilots, at the expense of User, as deemed necessary by owner to assist in operating trains of User over the Joint Trackage.

2.15 If any employee of User shall neglect, refuse, or fail to abide by Owner's rules, instructions, and restrictions governing the operation on or along the Joint Trackage, such employee shall, upon written request of Owner, be prohibited by User from working on the Joint Trackage. If either party shall deem it necessary to hold a formal investigation to establish such neglect, refusal, or failure on the part of any employee of User, then upon such notice presented in writing, owner and User shall promptly hold a joint investigation in which all parties concerned shall participate and bear the expense for its officers, counsel, witnesses, and employees. Notice of such investigations to employees of User shall be given by User's officers, and such investigation shall be conducted in accordance with the terms and conditions of schedule agreements between User and its employees. If, in the judgment of Owner, the result of such investigation warrants, such employee shall, upon written request of Owner, be withdrawn by User from service on the Joint Trackage, and User shall release and indemnify Owner from and against any and all claims and expenses because of such withdrawal.

If the disciplinary action is appealed by an employee of User to the National Railroad Adjustment Board or other tribunal lawfully created to adjudicate such cases, and if the decision of such board or tribunal sustains the employee's position, such employee shall not thereafter be barred from service on the Joint Trackage by reason of such occurrence.

2.16 If any Equipment of User is bad ordered enroute on the Joint Trackage and it is necessary that it be set out, such bad ordered Equipment shall, after being promptly repaired, be promptly picked up by User. Unless otherwise agreed, Owner may, upon request of User and at User's expense, furnish the required labor and material and perform light repairs to make such bad ordered Equipment safe for movement. The employees and Equipment of Owner while in any manner so engaged or while enroute to or returning to Owner's terminal from such an assignment shall be considered sole employees of User and sole property of User. However, should Owner after repairing such Equipment for User, move directly to perform service for Owner's benefit rather than return to Owner's terminal, then User's exclusive time and liability will end when owner's employees depart for work to be performed for Owner's benefit. In the case of such repairs by Owner to freight cars in User's account, billing therefor shall be in accordance with the Field and Office Manuals of the Interchange Rules adopted by the Association of American Railroads, hereinafter called "Interchange Rules", in effect at the date of performance of the repairs. Owner shall then prepare and submit billing directly to and collect from the car owner for car-owner responsibility items as determined under said Interchange Rules. Owner shall also submit billing to and collect from User any charges for repair to freight cars that are car-owner responsibility items, as determined under said Interchange Rules, should said car owner refuse or otherwise fail to make payment therefor.

2.17 If Equipment of User shall become derailed, wrecked, or otherwise disabled while upon the Joint Trackage, it shall be re-railed or cleared by Owner, except that employees of User may re-rail User's derailed Equipment on the Joint Trackage whenever use of motorized on or off track equipment is not required and prior permission has been granted by Owner. The costs and expenses of clearing derailments and wrecks shall be at User's expense unless otherwise provided for in allocation of liability in Section 5 of this Exhibit "B".

2.18 In the event Equipment of User shall be forced to stop on Joint Trackage, and such stoppage is due to insufficient hours of service remaining among User's employees, or due to mechanical failure of User's Equipment, or any other cause not resulting from an accident or derailment, and such Equipment is unable to proceed, or if a train of User fails to maintain the speed required by Owner on the Joint Trackage, or if in emergencies, crippled or otherwise defective Equipment is set out of User's trains on the Joint Trackage, Owner shall have the option to furnish motive power or such other assistance (including but not limited to the right to re-crew User's train) as may be necessary to haul, help or push such Equipment, or to properly move the disabled Equipment off the Joint Trackage. The costs and expenses of furnishing motive power or of rendering such other assistance shall be at User's expense.

2.19 In the event any accident, derailment, or wreck, hereinafter called "derailment" involving Units on or in a train operated by User or for User by Owner carrying hazardous materials, substances, or wastes, as defined pursuant to federal or state law, hereinafter called "Hazardous Materials" shall occur on any segment of the Joint Trackage, any report required by federal, state or local authorities shall be the responsibility of User. User shall also advise the owner/shipper of the Hazardous Materials involved in the derailment, and Owner, immediately.

Unless otherwise agreed by the parties, Owner shall assume responsibility for cleaning up any release of such Hazardous Materials from User's cars in accordance with all federal, state, or local regulatory requirements. User may have representatives at the scene of the derailment to observe and provide information and recommendations concerning the characteristics of Hazardous Materials release and the cleanup effort. Such costs shall be borne in accordance with Section 4 of the General Conditions.

If Hazardous Materials must be transferred to undamaged cars, User shall perform the transfer, provided, however, that if the Hazardous Materials are in damaged cars that are blocking the Joint Trackage, Owner, at its option, may transfer the Hazardous Materials. Transfers of Hazardous Materials by User shall only be conducted after being authorized by Owner.

Section 3. BILLING DEFAULT

3.1 Billing shall be accomplished on the basis of data contained in a billing form mutually agreed to between the parties. Such billing form shall contain sufficient detail to permit computation of payments to be made hereunder. Billing shall be prepared according to the rules, additives, and equipment rental rates as published by the Owner. User shall pay to Owner at the Office of the Treasurer of Owner or at such other location as Owner may from time to time designate, all the compensation and charges of every name and nature which in and by the Agreement User is required to pay in lawful money of the United States within sixty (60) days after the rendition of bills therefor. Bills shall contain a statement of the amount due on account of the expenses incurred and services rendered during the billing period.

3.2 Errors or disputed items in any bill shall not be deemed a valid excuse for delaying payment, and payments shall be made subject to subsequent adjustment, provided no exception

to any bill shall be honored, recognized, or considered if filed after the expiration of three (3) years from the last day of the calendar month during which the bill is rendered and no bill shall be rendered later than three (3) years (i) after the last day of the calendar month in which the expense covered thereby is incurred, or (ii) if in connection with a project for which a roadway completion report is required, after the last day of the calendar month in which the roadway completion report is made covering such project, with retirements and additions being reflected as appropriate adjustments to valuation bases retroactive up to three (3) years from date of billing, or (iii) in the case of claims disputed as to amount or liability, after the amount is settled and/or the liability(ies) established. This provision shall not limit the retroactive adjustment of billing made pursuant to retroactive adjustment of wage rates and settlement of wage claims.

3.3 So much of the books, accounts, and records of each party hereto as are related to the subject matter of the Agreement shall at all reasonable times be open to inspection by the authorized representatives and agents of the parties hereto.

All books, accounts, and records shall be maintained to furnish readily full information for each item in Accordance with 49 U.S.C. Section 11161 et seq. and the related regulations of the STB in 49 C.F.R. Part 1201, 1-3, et seq.

3.4 Should any amount become payable by Owner to User under the Agreement, the provisions of Section 3.1 through 3.3 of this Exhibit "B" shall apply with User as the billing party and Owner as the paying party.

3.5 Should User fail to make any payment when due which User is obligated to make under the Agreement, or fail in any other respect to perform as required under the Agreement, and such default shall continue for a period of six (6) months after notice in writing of such default is given by Owner to User, owner may at its election exclude User from the use of the Joint Trackage. Thereupon User shall surrender to Owner all said Joint Trackage and shall have no claim or demand upon it, by suit at law or otherwise, on account of said exclusion, provided that failure to make any payment which is the subject of arbitration or litigation between the parties shall not be deemed, pending the decision in such arbitration or litigation, cause of forfeiture hereunder.

Owner may waive such default subsequent, but no action of Owner in waiving any default shall affect any default of User or impair any rights of Owner resulting therefrom.

Section 4. COMPLIANCE WITH LAWS

4.1 User shall not treat, store or dispose of petroleum products or hazardous waste or hazardous substances, as defined in (i) the Resource Conservation and Recovery Act, as amended, or (ii) the Comprehensive Environmental Response Compensation and Liability Act, as amended, or (iii) subsequent legislation regulating discharges into the environment, on the Joint Trackage.

4.2 Responsibility for Environmental Claims (as defined in Section 4.6, below) as between the parties shall be borne as follows:

a) User shall be responsible for Environmental Claims to the extent they result from (i) the use of, or presence upon, the Joint Trackage by User or its contractors or invitees, or (ii) the negligence or willful misconduct of User, its contractors or invitees in operations on or over the Joint Trackage.

b) Owner shall be responsible for Environmental Claims to the extent that User is not responsible for such claims pursuant to Section 4.2.a, above.

4.3 Each party shall release the other party to the extent it is responsible for an Environmental Claim, and, to the extent of such responsibility, shall defend, indemnify, protect and save harmless such other party from and against such Environmental Claim and costs associated therewith, including, but not limited to, environmental consultant fees, Attorneys' fees and third party claims.

4.4 In the event of any incident, accident, derailment, or vehicle striking or being struck by Equipment (hereinafter "Derailment") involving Equipment operated by a party hereto carrying (i) hazardous materials, substances or wastes, as defined pursuant to Federal or State Law, or (ii) pollutants (hereinafter collectively referred to as "Hazardous Materials") shall occur on the Joint Trackage, any report required by Federal, State or local authorities shall be the responsibility of such party. Each party shall advise the other party immediately of the occurrence of a Derailment involving Equipment operated by the party carrying Hazardous Materials.

Unless otherwise agreed by the parties Owner shall undertake any Response Action (as defined in Section 4.5, below) in accordance with all Federal, State, or local regulatory requirements necessitated by a release of Hazardous Materials on Owner's right-of-way underlying the Joint Trackage from Equipment operated by either party hereto upon the occurrence of a Derailment. User shall have data or a representative available at the scene of any Derailment involving Equipment operated by it to provide information concerning the characteristics of Hazardous Materials released.

If following a Derailment upon the Joint Trackage Hazardous Materials must be transferred to undamaged cars or other vehicles, unless otherwise agreed by the parties, the party whose Equipment was involved in such Derailment shall perform the transfer; provided, however, that if the Hazardous Materials are in damaged cars of a train of User that are blocking the Joint Trackage, Owner shall transfer the Hazardous Materials; provided further that transfers of Hazardous Materials by User shall only be conducted after being authorized by Owner.

4.5 In the event any cleanup, response, removal or remediation of any environmental condition on the Joint Trackage is necessary (collectively referred to herein as "Response Action"), neither party shall be entitled to any damages, actual or consequential, by reason of the Response Action' 8 interference with the other party's use of the Joint Trackage. Owner and its

contractors shall have full, unrestricted and unconditional access to the Joint Trackage for the purpose of completing or engaging in a Response Action for which Owner has any responsibility or, at Owner's option, a Response Action which Owner has undertaken should User fail to diligently pursue and complete such Response Action to the satisfaction of Owner; provided, however, that any Response Action (i) shall be undertaken and completed pursuant to a work plan (including a schedule) submitted to the other party for its review and, in the case of Owner, approval, and (ii) shall not unreasonably, in terms of duration or otherwise, restrict the other party's use of the Joint Trackage. Either party's completion of any of the other party's obligations hereunder shall not be deemed a waiver of such obligations under the Agreement. Owner shall have the right, but not the obligation, to conduct reasonable inspections of any Response Action of User and User shall provide Owner all information requested by Owner regarding any Response Action of User or any Environmental Claims for which User is responsible.

4.6 The term "Environmental Claim" means the direct costs of any cleanup, response, removal, remediation, natural resource damage, closure and/or post-closure required by any environmental conditions affecting the air, soil, surface waters, ground waters, streams, sediments and similar environmental conditions caused by, resulting from, arising out of, or occurring in connection with this Agreement.

4.7 The liability and indemnity provisions of this Section 4 shall continue in full force and effect regardless of whether this Agreement is terminated pursuant to any other provision, or the Joint Trackage is abandoned and vacated by User.

4.8 The total cost of clearing a Derailment, cleaning up any Hazardous Materials released during such Derailment, and/or repairing the Joint Tracks or any other property damaged thereby shall be borne by the party or parties liable therefor pursuant to the allocation of liability in Section 5 of this Exhibit "B".

Section 5. LIABILITY

5.1 Owner shall not be held liable for or on account of any loss, damage, or delay, to the trains, engines, cars or other property of any kind of either company, nor to freight, baggage or other property of any kind carried in or upon such trains, engines or cars, nor for or on account of any injury to or death of passengers or employees of either company, or for or on account of any injury to the person or property of any other individual or individuals, company or companies, corporation or corporations whatsoever, which may be incurred or sustained by reason of such trains being operated on the Joint Trackage, or by reason of such trains being delayed in such operation, in whatever manner the same may be caused or occasioned, whether by or through the negligence of the Owner, its agents or servants, or by reason of defects in tracks, structures, or facilities furnished by Owner, or otherwise, it being understood and agreed that all risk of such delays, loss, damage, injury and death shall be and is hereby assumed by User, and User shall and will hold harmless Owner from and against all liabilities or claims for all such delay, loss, damage, injury and death and shall and will execute and deliver, or cause to be executed and delivered, to Owner, upon request, a full and complete release, satisfaction and discharge of all claims therefor, and will pay, or cause to be paid, all costs and expenses incurred by either party in the clearing of wrecks and repairs to equipment, track and property in which by reason of such movement covered by this Agreement the engines, trains, or cars of User are concerned,

expenses and attorney's fees incurred in defending any action which may be brought against the Owner on account of any such claim or liability and any judgment which may be rendered against the Owner on account thereof. User shall pay all fines, penalties, costs and expenses imposed upon or incurred by Owner by reason of any violation by User of the Safety Appliance or other State or Federal Laws, and hold Owner harmless therefrom.

5.2 It is understood and agreed that a number of vehicular and pedestrian crossings of the Joint Trackage presently exist, or may be constructed. User agrees to accept all vehicular and pedestrian crossings in whatever condition they may be during the term of the Agreement and will not assert any claim, demand, or cause of action against Owner and will hold Owner harmless from any claim, demand, or cause of action arising out of any vehicular or pedestrian crossing accident on the Joint Trackage in which the engines, cars, or train of User is involved.

5.3 Each party hereto shall have the right to settle, or cause to be settled for it, all claims for damages for which such party shall be liable under the provisions of this Section 5 and to defend or cause to be defended all suits for recovery of any such damages.

In case a suit shall be commenced against either party hereto for or on account of damages for which the other party hereto may be solely or jointly liable under the provisions of this Section 5, the party so sued shall give notice to such other party of the pendency of such suit and thereupon such other party may assume or join in the defense of such suit.

In the event that more than one of the parties shall be liable hereunder for any damages and the same shall be settled by a voluntary payment of money or other valuable consideration by one of the parties so jointly liable therefor, release from liability shall be taken for and in the name of all parties so liable. In the event of any settlement in excess of Fifty Thousand Dollars (\$50,000), the settling party shall notify the other parties prior to settlement. Failure of the settling party to so notify the other parties prior to settlement shall not relieve the other parties of their obligation under the settlement agreement, so long as the settling party's failure to notify did not prejudice the other parties and then only to the extent of such prejudice.

If a judgement shall be recovered against and satisfied by one party involving a liability which should under the Agreement be borne entirely or participated in by the other parties, then all expensed of whatsoever nature, including costs and fees connected with such judgment and with the prosecution of the suit upon which it was based, shall be settled between the parties in strict accordance with the provisions of the Agreement and the party against which such judgment shall have been recovered shall be promptly reimbursed by such other parties to the extent to which the latter is indebted.

5.4 THE LIABILITY ASSUMED BY USER SHALL NOT BE AFFECTED BY THE FACT, IF IT IS A FACT, THAT THE DAMAGE, INJURY OR DEATH WAS CAUSED OR CONTRIBUTED TO BY THE NEGLIGENCE OF OWNER OR ITS EMPLOYEES OR AGENTS, EXCEPT TO THE EXTENT SUCH DAMAGE, INJURY OR DEATH IS PROXIMATELY CAUSED BY THE WANTON, WILLFUL AND/OR INTENTIONAL ACTS OR THE GROSS NEGLIGENCE OF OWNER.

THE INDEMNIFICATION OBLIGATION ASSUMED BY USER SHALL INCLUDE (1) INDEMNITY FOR THE NEGLIGENCE OR ALLEGED NEGLIGENCE,

WHETHER ACTIVE OR PASSIVE, WHERE THAT NEGLIGENCE IS A CAUSE OF THE LOSS OR DAMAGE; (2) INDEMNITY FOR STRICT LIABILITY RESULTING FROM VIOLATION OR ALLEGED VIOLATION OF ANY FEDERAL, STATE OR LOCAL LAW OR REGULATION, INCLUDING BUT NOT LIMITED TO THE FEDERAL EMPLOYER'S LIABILITY ACT (FELA), THE SAFETY APPLIANCE ACT, THE BOILER INSPECTION ACT, THE OCCUPATIONAL SAFETY AND HEALTH ACT (OSHA), THE RESOURCE ENVIRONMENTAL RESPONSE, COMPENSATION AND LIABILITY ACT (CERCLA), THE CLEAN WATER ACT (CWA), THE OIL POLLUTION ACT (OPA), AND ANY SIMILAR STATE STATUTES IMPOSED OR IMPLEMENTING SIMILAR STANDARDS; AND (3) INDEMNITY FOR ACTS OR ALLEGED ACTS OF GROSS NEGLIGENCE OF OWNER FOR WHICH PUNITIVE DAMAGES MIGHT BE SOUGHT, EXCEPT TO THE EXTENT PROXIMATELY CAUSED BY THE WANTON, WILLFUL AND/OR INTENTIONAL ACTS OR THE GROSS NEGLIGENCE OF OWNER.

Section 6. ARBITRATION

6.1 If at any time a question or controversy shall arise between the parties hereto in connection with the Agreement upon which the parties cannot agree, then, upon the written request of either party setting forth the issue in dispute, such question or controversy shall be submitted to arbitration. If the parties involved in such dispute are able to agree upon a single arbitrator experienced in matters of the character in dispute within thirty (30) days after the party desiring such arbitration (the "Demanding Party") shall notify in writing the other party or parties to such dispute (the "Noticed Parties), such dispute shall be submitted to such single arbitrator. Otherwise, the Demanding Party shall appoint an arbitrator and notify the Noticed Parties in writing of such appointment. Within twenty (20) days after receipt of said notice, the Noticed Parties shall each appoint an arbitrator and notify the Demanding Party in writing of such appointment. Should any Noticed Party fail within twenty (20) days after receipt of such notice to name its arbitrator, the arbitrator for the Demanding Party and the arbitrators for the other Noticed Parties, if any, shall select one for the Noticed Party so failing and, if they cannot agree, said arbitrator may be appointed by the Chief Judge (or acting Chief Judge) of the United States District Court for the District in which the headquarters office of the Demanding Party is located upon application by any party after ten (10) days' written notice to all other parties. The arbitrators so chosen, if an even number, shall select one additional arbitrator, to complete the board. If they fail to agree upon an additional arbitrator, the same shall, upon application of any party, be appointed by said judge in the manner heretofore stated.

Upon selection of the arbitrator(s), said arbitrator(s) shall with reasonable diligence determine the questions as disclosed in said notice of demand for arbitration, shall give all parties reasonable notice of the time and place (of which the arbitrator(s) shall be the judge) of hearing evidence and argument, may take such evidence as they deem reasonable or as either party may submit with witnesses required to be sworn, and may hear arguments of counsel or others. If any arbitrator declines or fails to act, the party (or parties in the case of a single arbitrator) by whom he was chosen or said judge shall appoint another to act in his place. After considering all evidence, testimony, and arguments, said single arbitrator or the majority of said board of

arbitrators shall promptly state such decision or award in writing which shall be final, binding, and conclusive on all parties to the arbitration when delivered to them. Until the arbitrator(s) shall issue the first decision or award upon any question submitted for arbitration, performance under the Agreement shall continue in the manner and form existing prior to the rise of such question. After delivery of said first decision or award, each party shall forthwith comply with said first decision or award immediately after receiving it.

Each party to the arbitration shall pay the compensation, costs, and expenses of the arbitrator appointed in its behalf and all fees and expenses of its own witnesses, exhibits, and counsel. The compensation, cost, and expenses of the single arbitrator or the additional arbitrator in the board of arbitrators shall be paid in equal shares by all parties to the arbitration.

6.2 The books and papers of all parties, as far as they relate to any matter submitted for arbitration, shall be open to the examination of the arbitrator(s).

Section 7. GOVERNMENTAL APPROVAL. ABANDONMENT

7.1 User shall, at its own cost and expense, initiate by appropriate application or petition and thereafter diligently prosecute proceedings for the procurement of all necessary consent, approval, or authority from any governmental agency for the sanction of the Agreement and the operations to be carried on by User thereunder. Owner, at its expense, shall assist and support said application or petition and will furnish such information and execute, deliver, and file such instrument or instruments in writing as may be necessary or appropriate to obtain such governmental consent, approval, or authority. User and Owner agree to cooperate fully to procure all such necessary consent, approval, or authority.

7.2 In the event Owner shall be involuntarily dispossessed, including threat of condemnation by competent public authority, of the right to operate upon and maintain any portion of the Joint Trackage, Owner shall have no obligation hereunder to provide tracks for User's use, and User shall have and shall make no claim of any kind, legal or otherwise, against Owner for failure to provide such tracks for User's use.

7.3 Under the terms hereinafter stated, and to the extent that Owner may lawfully do so, owner reserves to itself the exclusive right, exercisable at any time during the life of the Agreement without concurrence of User, to elect to abandon all or any part of the Joint Trackage by giving six (6) months prior written notice to User of its intention so to do.

7.4 Upon termination of the Agreement, or any partial termination, as the applicable case may be, however the same may occur, User shall be released from any and all manner of obligations and shall be deemed to have forever relinquished, abandoned, surrendered, and renounced any and all right possessed by User to operate over that part of the Joint Trackage to which such termination applied, and as to such part, User shall forever release and discharge Owner of and from any and all manner of obligations, claims, demands, causes of action, or suits which User might have, or which might subsequently accrue to User growing out of or in any manner connected with, directly or indirectly, the contractual obligations of Owner under the

Agreement, in all events provided, however, the aforesaid relinquishment, abandonment, surrender, renunciation, release, and discharge of User shall not in any case affect any of the rights and obligations of either Owner or User which may have accrued, or liabilities accrued or otherwise, which may have arisen prior to such termination or partial termination. Upon any termination, Owner will remove from Owner's right-of-way any connecting track, and any exclusive facility of User, at User's expense with salvage to be delivered to and retained by User. Upon any partial termination of the Agreement, however the same may occur, the terms and conditions hereof shall continue and remain in full force and effect for the balance of the Joint Trackage.

7.5 Each party shall be responsible for any labor claims of, and shall bear the cost of employee protection payable to, its own employees, and the employees of companies affiliated with it, to the extent resulting from the entry into or operation of the Agreement. However, in the event the parties agree that Owner should retain employees or provide additional employees for the sole benefit of User, the parties shall enter into a separate written agreement providing that User shall bear all cost and expense for any such retained or additional employees, including, without limitation, all cost and expense associated with labor protection payments which are made by Owner and which would not have been incurred had such retention or provision of employees for the sole benefit of User not been required.

Section 8. INSURANCE

USER shall, at its sole cost and expense, procure and maintain during the life of this Agreement the following insurance coverage:

A. Railroad liability policy of insurance acceptable to BNSF in an amount of at least TWENTY-FIVE MILLION DOLLARS (\$25,000,000) per occurrence. Such insurance shall include coverage for:

(i) injury to or death of persons whomsoever, Personal Injury, Federal Employers Liability Act, property damage liability including but not limited to, damage or destruction of any and all property including public liability, bill of lading and foreign line rolling stock;

(ii) seepage and pollution coverage, resulting from a railroad accident, derailment or overturn;

(iii) contractual liability; and

(iv) evacuation expense coverage.

If coverage is purchased on a "claims made" basis, USER hereby agrees to maintain coverage in force for a minimum of three years after expiration, cancellation or termination of this contract.

This policy shall also contain the following endorsements or language, which shall be indicated on the certificate of insurance:

- Waiver of subrogation acceptable to *Railroad*

- Additional insured endorsement in favor of **Railroad** and acceptable to **Railroad**.
- Separation of insureds
- The policy shall be primary and non-contributing with respect to any insurance carried by **Railroad**.

No other endorsements limiting coverage as respects to obligations under this Agreement or work being performed under this Agreement may be included on the policy.

B. Business Automobile Insurance. This insurance shall contain a combined single limit of at least \$1,000,000 per occurrence, and include coverage for, but not limited to the following:

- Bodily injury and property damage
- Any and all vehicles owned, used or hired

This policy shall also contain the following endorsements or language, which shall be indicated on the certificate of insurance:

- Waiver of subrogation acceptable to **Railroad**
- Additional insured endorsement acceptable to **Railroad**
- Separation of insureds
- The policy shall be primary and non-contributing with respect to any insurance carried by **Railroad**.

C. All risks property insurance covering all of USER's property including property in the care, custody or control of USER. Coverage shall include the following:

- Issued on a replacement cost basis
- Shall provide that in respect of the interest of **Railroad** the insurance shall not be invalidated by any action or inaction of USER and shall insure the respective interests of **Railroad** as they appear, regardless of any breach or violation of any warranty, declaration or condition contained in such policies by USER.
- Include a standard loss payable endorsement naming **Railroad** as the loss payee as its interests may appear
- Include a waiver of subrogation in favor of **Railroad**.

Other Requirements:

Where allowable by law, all policies (applying to coverage listed above) shall contain no exclusion for punitive damages and certificates of insurance shall reflect that no exclusion exists.

USER agrees to waive its right of recovery against **Railroad** for all claims and suits against **Railroad**. In addition, its insurers, through the terms of the policy or policy endorsement, waive their right of subrogation against **Railroad** for all claims and suits. USER further waives its right of recovery, and its insurers also waive their right of subrogation against **Railroad** for loss of its owned or leased property or property under USER's care, custody or control.

USER is not allowed to self-insure without the prior written consent of **Railroad**. If granted by **Railroad**, any deductible, self-insured retention or other financial responsibility for claims shall be covered directly by USER in lieu of insurance. Any and all **Railroad** liabilities that would otherwise, in accordance with the provisions of this Agreement, be covered by USER's insurance will be covered as if USER elected not to include a deductible, self-insured retention or other financial responsibility for claims.

Prior to commencing the Work, USER shall furnish to **Railroad** an acceptable certificate(s) of insurance from an authorized representative evidencing the required coverage, endorsements, and amendments.

The policy(ies) shall contain a provision that obligates the insurance company(ies) and/or broker(s)/agent(s) issuing such policy(ies) to notify **Railroad** in writing at least 30 days prior to any cancellation, non-renewal, substitution or material alteration. This cancellation provision shall be indicated on the certificate of insurance.

Any insurance policy shall be written by a reputable insurance company acceptable to **Railroad** or with a current Best's Guide Rating of A- and Class VII or better, and authorized to do business in the state(s) in which the service is to be provided.

USER represents that this Agreement has been thoroughly reviewed by USER's insurance agent(s)/broker(s), who have been instructed by USER to procure the insurance coverage required by this Agreement. Not more frequently than once every five years, **Railroad** may reasonably modify the required insurance coverage to reflect then-current risk management practices in the railroad industry and underwriting practices in the insurance industry.

If any portion of the operation is to be subcontracted by USER, USER shall require that the subcontractor shall provide and maintain insurance coverages as set forth herein, naming **Railroad** as an additional insured, and shall require that the subcontractor shall release, defend and indemnify **Railroad** to the same extent and under the same terms and conditions as USER is required to release, defend and indemnify **Railroad** herein.

Failure to provide evidence as required by this section shall entitle, but not require, **Railroad** to terminate this Agreement immediately. Acceptance of a certificate that does not comply with this section shall not operate as a waiver of USER's obligations hereunder.

The fact that insurance (including, without limitation, self-insurance) is obtained by USER shall not be deemed to release or diminish the liability of USER including, without limitation, liability under the indemnity provisions of this Agreement. Damages recoverable by **Railroad** shall not be limited by the amount of the required insurance coverage.

In the event of a claim or lawsuit involving Railroad arising out of this agreement, USER will make available any required policy covering such claim or lawsuit.

For purposes of this section, **Railroad** shall mean "Burlington Northern Santa Fe Corporation", "BNSF Railway" and the subsidiaries, successors, assigns and affiliates of each.

Section 9. OTHER CONSIDERATIONS

9.1 Nothing in the Agreement contained shall limit the right of Owner to admit other companies to the use of the Joint Trackage or any part thereof on such terms and conditions as are satisfactory to Owner, provided such admittance shall not materially hinder or obstruct the fair and reasonable exercise of the rights granted in the Agreement. Such other companies presently or hereafter admitted to the use of the Joint Trackage or any part thereof by Owner shall be considered Owner for the purpose of the Agreement. User shall have no right to admit any person, firm, or corporation to the use of the Joint Trackage.

9.2 The Agreement shall be binding upon and inure to the benefit of the parties hereto, their respective successor lessees, and assigns, but no sale, assignment, mortgage, or lease by User of any interest or right given it under the Agreement, separate and apart from a corporate merger, sale, assignment, mortgage or lease of User's railroad in its entirety, shall be valid or binding without the prior written consent of Owner, which consent will not unreasonably be withheld.

9.3 The Agreement and each and every provision hereof is for the exclusive benefit of the parties hereto and not for the benefit of any third party. Nothing herein contained shall be taken as creating or increasing any right in any third person to recover by way of damages or otherwise against any Of the parties hereto.

9.4 All notices, demands, requested, or submissions Which are required or permitted to be given pursuant to the Agreement shall be given by either party to the other in writing by serving the same upon the Vice President of Operations of each company.

9.5 If any covenant or provision of the Agreement not material to the right of User to use the Joint Trackage shall be adjudged void, such adjudication shall not affect the validity, obligation, or performance of any other covenant or provision which is in itself valid. No controversy concerning any covenant or provision shall delay the performance of any other covenant or provision. Should any covenant or provision of the Agreement be adjudged void, the parties will make such other arrangements as, under the advice of counsel, will effect the purposes and intent of the Agreement.

9.6 In the event there shall be any conflict between the provisions of this Exhibit "B" and the Agreement, the provisions of the Agreement shall prevail.

9.7 All Section headings are inserted for convenience only and shall not affect any construction or interpretation of the Agreement.

End of Exhibit "B".
