Finance Docket No. 35030, US Rail Partners, Ltd. – Continuance in Control Exemption – Eastern Washington Gateway Railroad Company 219425

Dear Secretary Williams:

At the request of your office, please accept this letter clarifying WSDOT's petition to partially revoke the class exemptions in the above-referenced transactions and to expedite the effective date.

- (1) With regard to the CW Branch Line, WSDOT requests an expedited effective date of June 4, 2007, in Finance Docket No. 35024, and joins in the related petitions filed by the Eastern Washington Gateway Railroad Company (EWGR) (Finance Docket No. 35029) and its parent company, US Rail Partners, Ltd. (USRP) (Finance Docket No. 35030). As set forth in the EWGR/USRP filings, June 4, 2007, represents the earliest date which EWGR anticipates it can begin operations.
- (2) With regard to the P&L Branch Line, WSDOT requests an expedited effective date of June 1, 2007, in Finance Docket No. 35024 and Finance Docket No. 35028. This will allow the Washington and Idaho Railroad (WIR), which is presently operating on the P&L Branch as a contract operator for the Palouse River and Coulee City Railroad, Inc., to continue operations without interruptions after June 1, 2007.
