United Transportation Union (“UTU”) respectfully submits its reply in support of Michigan Central’s (“MC”) Petition to Revoke the Class Exemption in the above-referenced matter under the condition that MC will not attempt to implement the transactions set forth in Finance Docket Nos. 35063, 35064, and 35065 unless the Surface Transportation Board issues an order approving these transactions under the time schedule set forth in the petition. While UTU does not support this transaction and intends to oppose it when making its comments, it does agree with Michigan Central that “a more detailed review of the relevant facts “ is called for here “in order to provide the appropriate level of regulatory scrutiny” before any action can be taken by these entities. As a result, UTU urges the Board to adopt this procedural schedule.

Respectfully submitted,
