Re *Norfolk Southern Ry Co, Pan Am Railways Inc, et al - Joint Control and
Operating/Pooling Agreements - Pan Am Southern, LLC*
STB Finance Docket No 35147

Dear Ms. Quinlan:

The Vermont Rail System (VRS) is a major part of the rail network serving the State of Vermont. It has entered into reciprocal service arrangements with New England Central Railroad, Inc. (NECR) that permit NECR to gain access to Norfolk Southern Railway by way of VRS lines and permit VRS to gain access to CSX over lines operated by NECR and the Boston and Maine Corporation, one of the applicants in Finance Docket No. 35147.

The State of Vermont hopes that the transaction proposed in Finance Docket No. 35147 does not result in a disruption of the delicate balance of reciprocal arrangements under which rail service presently is provided to many customers in Vermont. We urge the STB to adopt procedures that will permit a thorough examination of the impacts of the proposed transaction on rail service in Vermont.

Sincerely,

A handwritten signature in black ink, appearing to read "Samuel B. Lewis".
