Public Record

Dear Secretary Quinlan:

Per my telephone conversation this afternoon, there is a misprint on the above-referenced filing as to the mileposts of the Perry Line. The correct mileposts for this line are from Milepost N219.7 at/near Fort Valley, Georgia to Milepost N232.6 at/near Perry, Georgia, a distance of approximately 12.9 miles.

Please call me if you have any questions.

Sincerely yours,

Daniel A. LaKemper,
General Counsel.
