FROM: Mr. J. Randy Young, P.E., and Chairman
Technical Review Committee

SUBJECT: DRAFT ENVIRONMENTAL AND HISTORIC REPORT
Delta Southern Railroad, Inc.
Abandonment Exemption – Desha and Chicot Counties
Docket #AB-384 (Sub #3X)

DATE: December 13, 2010

Members of the Technical Review Committee have reviewed the above referenced project; the Rail Line was constructed by Missouri Pacific Railroad Company between 1907 and 1915. Missouri Pacific was merged into Union Pacific Railroad Company. Union Pacific sold the Rail Line to Delta Southern Railroad, Inc. in January 1989. Delta Southern Railroad intends to file with the Surface Transportation Board a Petition of Exemption for abandonment of a 24.1-mile rail line between Milepost 408.9 at or near McGehee and Milepost 433.0 at or near Lake Village, in Desha and Chicot Counties, Arkansas. In the event of abandonment, the track materials in the Rail Line would be removed and sold for reuse, rerolling, or scrap, and the land in the right-of-way would be sold for nonrail used or conveyed for railbanking and interim recreational trail use. Maintenance of the Rail Line would cease in the event of abandonment. Delta believes that abandonment of the Rail Line will have a minimal effect on regional or local transportation systems and patterns. Only 81 carloads were transported over the Rail Line during 2009. The proposed abandonment would have no effect on prime agricultural land. The proposed abandonment does not affect land or water uses in a designated coastal zone. The proposed exemption and the resulting abandonment will have a beneficial effect on public health and safety because existing rail crossings of public streets and private driveways would be removed. The proposed exemption is unlikely to adversely affect endangered or threatened species or areas designated as critical habitat.

The Committee supports this project.

Agency comments are included for your review.

The opportunity to comment is appreciated.

Dear Mr. McFarland:

This letter is written in response to your inquiry regarding properties of architectural, historical, or archeological significance in the area of the referenced project. My staff has reviewed the documentation regarding the above-referenced undertaking, and our records show that six archeological sites (3CH134, 3CH151, 3CH152, 3CH153, 3CH154 and 3DE134) and three historic structures (CH0016 - Missouri Pacific Railroad Depot, CH0059 - New Hope Missionary Baptist Church Cemetery and CH0179 - Epstein Gin) are located near the subject project but will not be affected by the proposed abandonment. Therefore, we have no objection to this undertaking and find that it will have no adverse effect on historic properties.

Thank you for the opportunity to comment on this undertaking. If you have any questions, please contact Steve Imhoff of my staff at (501) 324-9880.
