Verified Notice of Exemption

COMES NOW Central of Georgia Railroad Company (CGA), a wholly-owned subsidiary of Norfolk Southern Railway Company (NSR), and Great Walton Railroad Company (GRWR), collectively "railroads," and file this joint notice of exemption from regulation under 49 U.S.C. §10903, pursuant to the provisions of 49 U.S.C. §10502 and 49 CFR §1152.50, for CGA's discontinuance of service over and GRWR's discontinuance of operating rights under a lease over a 14.90-mile line of railroad lying between Milepost E 65.80 at Newton, Georgia and the end of the line at Milepost E 80.70 at Covington, Georgia, in Newton County, Georgia (the "Line").

Pursuant to the Board's regulations codified at 49 CFR §1152.50, CGA and GRWR state as follows:

Traffic Certification - §§1152.50(b) and (d)(2)

As the attached certificates of CGA General Manager R. A. Bartle and GRWR General Manager Dave Bishop confirm, no traffic has originated or terminated on this Line for at least two years, all overhead traffic has been rerouted over other lines, and no complaint is pending with the Board or a U. S. District Court or has been decided in favor of a complainant concerning cessation of service over this Line within the two-year period prior to the filing date of this Notice of Exemption.

Consummation Date - §1152.50(d)(2)

The effective date of CGA's discontinuance of service over and GRWR's discontinuance of operating rights under a lease over a 14.90-mile line of railroad lying between Milepost E 65.80 at Newton, Georgia and the end of the line at Milepost E 80.70 at Covington, Georgia , in Newton County, Georgia, will be August 14, 2010.

General Corporate Information - §1152.22(a)(1-2) and (7)

The full names of the parties filing this Notice of Exemption are Central of Georgia Railroad Company, a wholly-owned subsidiary of Norfolk Southern Railway Company, and Great Walton Railroad Company. CGA is a common carrier by railroad subject to STB jurisdiction under Title 49 of the United States Code, Subtitle IV, Chapter 105. GRWR is a Class III carrier under 49 CFR Part 1201 1-1(d).

Exemption may be sent is:

Description of the Line and the Relief Sought - §1152.22(a)(3-4 and 7)

The relief sought is an exemption for CGA's discontinuance of service over and GRWR's discontinuance of operating rights under a lease over a 14.90-mile line of railroad lying between Milepost E 65.80 at Newton, Georgia and the end of the line at Milepost E 80.70 at Covington, Georgia, in Newton County, Georgia.¹ A map showing the Line, other rail lines in the area, highways, and population centers is attached as Exhibit 1 to this notice. The Line traverses United States Postal Service ZIP Codes 30014, 30055 and 30056.

¹ CGA obtained from the Board a Lease and Operation Exemption in *Squaw Creek Southern Railroad, Inc.—Lease and Operation Exemption—Central of Georgia Railroad Company*, STB Finance Docket No. 35294 (STB served September 17, 2009) which effectively served to substitute Squaw Creek Southern Railroad, Inc. (SQS) for Great Walton Railroad Company (GRWR) over the contiguous line to the immediate south and east of the Line—that is, from milepost E-65.8 at Newborn, Georgia to

Suitability of the Line for Other Public Purposes - §1152.22(e)(4)

Because this is a discontinuance of service and discontinuance of operating rights under a lease proceeding and not an abandonment proceeding, there is no need to provide an opportunity for trail use/rail banking or public use condition requests.² Thus, this item is not relevant to the exemption sought in this docket.

Statement Concerning Federally-Granted Right-of-Way - §1152.50(d)(1)

Based on information in the possession of CGA and GRWR, the Line does not contain federally-granted rights-of-way. Any documentation in the railroads' possession will be made available promptly to those requesting it.

Labor Protection - §1152.50(d)(2)

Since the Line has been out of service for over two years, the railroads believe no employees will be adversely affected by the discontinuance of service and discontinuance of operating rights over this Line. However, as a condition to granting the exemption and exercise of the discontinuance permitted in this matter, the railroads will accept the imposition of standard labor protective conditions as set forth in *Oregon Short Line R. Co. - Abandonment - Goshen*, 360 I.C.C. 91 (1979).

See also STB Docket No. AB-999X, *Caldwell County Railroad Company - Discontinuance Of Service*

Environmental and Historic Reports; Certifications - §1105.6, §1105.7, §1105.8, §1105.9 and §1105.11

Because this is a discontinuance of service and discontinuance of operating rights proceeding and not an abandonment proceeding, no environmental or historic documentation is required under 49 CFR 1105.6(c)(2) and 49 CFR 1105.8(b) and no transmittal letter is required under 49 CFR 1105.11.³ Further STB approval is required for abandonment of the Line.

Service and Newspaper Notice Requirements Certification - §1152.50(d)(1-2)

As the attached certification indicates, CGA certifies that the service and notice requirements of §1152.50(d)(1)(certain governmental agencies) and §1105.12 (newspaper notice) have been complied with.

Offers of Financial Assistance

Because this is a discontinuance of service and discontinuance of operating rights proceeding and not an abandonment proceeding, the Board need not consider

Exemption - In Caldwell County, NC (STB served July 9, 2007) (petition).

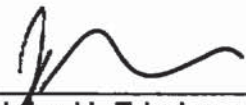

³Recent Board notices of exemption stating this principle are *Columbus and Greenville Railway Company - Discontinuance of Service Exemption - In Greenwood, MS*, STB Docket No. AB-297 (Sub-No. 103X) (STB served July 3, 2007); *Norfolk Southern Railway Company - Discontinuance Exemption - in Mahoning County, OH*, STB Docket No. AB-290 (Sub-No. 292X) (STB served March 15, 2007); and *Union Pacific Railroad Company - Discontinuance of Service Exemption - in Yuba County, CA*, STB Docket No. AB-33 (Sub-No. 238X) (STB served December 8, 2006).

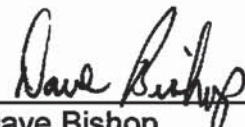

offers of financial assistance (OFAs) to acquire the Line for continued rail service.⁴ The OFA provisions for a subsidy to provide continued rail service do apply to discontinuances, but since there has been no rail service over this Line for more than two years, there is no current rail service that can be subsidized.

Conclusion

For the foregoing reasons, CGA and GRWR state that the proposed discontinuance of service and discontinuance of operating rights under a lease over the subject rail Line is exempt from the prior approval requirements of 49 U.S.C. §10903 pursuant to the class exemption set forth in 49 C.F.R. §1152.50 and request that the Board serve the appropriate notice of exemption.

NOTICE OF INTENT TO DISCONTINUE RAIL SERVICE AND TO DISCONTINUE OPERATING RIGHTS

Central of Georgia Railway Company (CGA), a wholly owned subsidiary of Norfolk Southern Railway Company (NSR), and Great Walton Railroad Company (GRWR), give notice that on or about June 25, 2010, they intend to file with the Surface Transportation Board (STB), Washington, DC 20423, a notice of exemption under 49 U.S.C. 10502 from the prior approval requirements of 49 U.S.C. 10903, permitting the discontinuance of service and discontinuance of operating rights over a 14.90-mile line of railroad between milepost E 65.80 and milepost E 80.70, which traverses through United States Postal Service ZIP Codes 30014, 30055 and 30056 in Newton County, Georgia. The proceeding will be docketed as No. AB-290 (Sub-No. 319X) as to CGA and No. AB-1060X as to GRWR.

Appropriate offers of financial assistance to continue rail service can be filed with the STB. Requests for environmental conditions, public use conditions, or rail banking/ trails use also can be filed with the STB. However, because this is a discontinuance of service and discontinuance of operating rights proceeding and not an abandonment proceeding, trail use/rail banking and public use conditions are not appropriate. Likewise, no environmental or historic documentation is required under 49 CFR 1105.6(c) and 1105.8. An original and 10 copies of any pleading that raises matters other than environmental issues (such as trails use, public use, and offers of financial assistance) must be filed directly with the STB's Office of Proceedings, 395 E Street, S.W., Washington, DC 20423-0001 [See 49 CFR 1104.1(a) and 1104.3(a)], and one copy must be served on applicants' representatives [See 49 CFR 1104.12(a)]. Persons seeking further information concerning discontinuance procedures, offers of financial assistance, public use or trails use may contact the Board's Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245-0238 or refer to the full abandonment or discontinuance regulations at 49 CFR Part 1152. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] Copies of any comments or requests for conditions should be served on the applicants' representatives:

Newton County, Georgia

Ladies and Gentlemen:

Pursuant to 49 CFR 1152.50(d)(1), Central of Georgia Railroad (CGA), a wholly owned subsidiary of Norfolk Southern Railway Company (NSR) and Great Walton Railroad Company (GRWR) hereby give notice that on or about June 25, 2010, they will file with the Surface Transportation Board a notice of exemption from regulation in accordance with the exemption regulations set forth at 49 CFR Part 1152, Subpart F. That notice of exemption will permit CGA's discontinuance of service and GRWR's discontinuance of operating rights under a lease over a 14.90-mile line of railroad lying between Milepost E 65.80 at Newton, and the end of the line at Milepost E 80.70 at Covington, in Newton County, Georgia (see attached map). No revenue traffic has originated or terminated on the line for more than two years. Overhead traffic on the line has been rerouted.
